

## PRODUCT LISTING 2007

CODE	DESCRIPTION	CODE	DESCRIPTION
<b>UAX - AXIAL</b>		<b>SENSORTRONIC DIGITAL</b>	
<b>UAX 150</b>	150mm fan only for remote switching	<b>D 1000</b>	Sensortronic 1000 digital
<b>UAX 150 S</b>	150mm fan with pull switch	<b>D 400 HS</b>	Sensortronic 400 digital humidity and pull switch
<b>UAX 150 HTS</b>	150mm fan with humidity sensor/timer and pull switch	<b>D 400 HT</b>	Sensortronic 400 digital humidity and timer
<b>UAX 150 TRS</b>	150mm fan - trickle speed with manual boost pull switch	<b>D 400 LV HS</b>	Sensortronic 400 digital low voltage humidity and pull switch
<b>UAX 150 TRSH</b>	150mm fan - trickle speed with manual boost pull switch and hour-run meter	<b>D 400 LV HT</b>	Sensortronic 400 digital low voltage humidity and timer <i>(Complete with either Wall/Window/Ceiling kits)</i>
<b>UAX 100</b>	100mm fan only for remote switching	<b>SENSORTRONIC LOGIC</b>	
<b>UAX 100 S</b>	100mm fan with pull switch	<b>L 1000</b>	Sensortronic 1000 logic
<b>UAX 100 T</b>	100mm fan with timer	<b>L 400 HS</b>	Sensortronic 400 logic humidity and pull switch
<b>UAX 100 HTS</b>	100mm fan with humidity sensor/timer and pull switch	<b>L 400 HT</b>	Sensortronic 400 logic humidity and timer
<b>UAX 100 PIR</b>	100mm fan with passive infra-red detector	<b>L 400 LV HS</b>	Sensortronic 400 logic low voltage humidity and pull switch
<b>UAX 100 TRS</b>	100mm fan - trickle speed with manual boost pull switch	<b>L 400 LV HT</b>	Sensortronic 400 logic low voltage humidity and timer <i>(Complete with either Wall/Window/Ceiling kits)</i>
<b>UAX 100 TRSH</b>	100mm fan - trickle speed with manual boost pull switch and hour-run meter	<b>CENTRIFUGAL</b>	
<b>UAX 100 LVS</b>	100mm low voltage fan with pull switch	<b>CF 200</b>	Centrifugal 100mm fan for remote switching
<b>UAX 100 LVT</b>	100mm low voltage fan with timer	<b>CF 200 S</b>	Centrifugal 100mm fan with pull switch
<b>UAX 100 LV HTS</b>	100mm low voltage with humidity and timer/pull switch	<b>CF 200 HTS</b>	Centrifugal 100mm fan with humidity, timer and pull switch
<b>UAX 100LVPIR</b>	100mm low voltage with Passive Infra-red movement detector	<b>CF 200 TRS</b>	Centrifugal 100mm fan with trickle speed and manual boost
<b>UAX 100 LV TRS</b>	100mm low voltage trickle speed and pull switch boost	<b>CF 100</b>	Centrifugal 100mm fan for remote switching
<b>UAX 100 LV TRS H</b>	100mm low voltage trickle speed and pull switch boost and hour-run meter <i>(Wall/Window/Ceiling kits sold separately)</i>	<b>CF 100 S</b>	Centrifugal 100mm fan with pull switch
<b>UAX-ES - AXIAL</b>		<b>CF 100 T</b>	Centrifugal 100mm fan with timer only
<b>UAX-ES 150</b>	150mm fan only for remote switching	<b>CF 100 HTS</b>	Centrifugal 100mm fan with humidity, timer and pull switch
<b>UAX-ES 150 S</b>	150mm fan with pull switch	<b>CF 100 TRS</b>	Centrifugal 100mm fan with trickle speed and manual boost
<b>UAX-ES 150 HTS</b>	150mm fan with humidity sensor/timer and pull switch	<b>CF 100 TRS T</b>	Centrifugal 100mm fan with trickle speed and remotely activated boost
<b>UAX-ES 100</b>	100mm fan only for remote switching	<b>CF 100 TW</b>	Centrifugal 100mm fan with 2 room suction
<b>UAX-ES 100 S</b>	100mm fan with pull switch	<b>CF 100 LVS</b>	Centrifugal 100mm low voltage fan with pull switch
<b>UAX-ES 100 T</b>	100mm fan with timer	<b>CF 100 LVT</b>	Centrifugal 100mm low voltage fan with timer only
<b>UAX-ES 100 HTS</b>	100mm fan with humidity sensor/timer and pull switch	<b>CF 100 LV TRS</b>	Centrifugal 100mm low voltage fan with trickle speed and manual boost
<b>UAX-ES 100 LV</b>	100mm low voltage fan only for remote switching	<b>CF 100 LV HTS</b>	Centrifugal 100mm low voltage fan with humidity, timer and pull switch <i>(Wall/Ducting kits sold separately)</i>
<b>UAX-ES 100 LVS</b>	100mm low voltage fan with pull switch	<b>ARIDAIR (PIV)</b>	
<b>UAX-ES 100 LVT</b>	100mm low voltage fan with timer	<b>M 2000</b>	Sensortronic 2000 Aridair micro with 1 sensor
<b>UAX-ES 100 LV HTS</b>	100mm low voltage fan with humidity sensor/ timer and pull switch <i>(Wall/Window/Ceiling kits sold separately)</i>	<b>S2000NI</b>	Sensortronic 2000 Aridair - continuously on slow speed with an automatic summer / winter cut-out.
<b>UCF - CENTRIFUGAL</b>		<b>S 2000 LW</b>	Sensortronic 2000 Aridair with 2-speed manual control - low wattage
<b>UCF 100 T</b>	Centrifugal 100mm fan with timer	<b>S 2000 LWH</b>	Sensortronic 2000 Aridair with 2-speed manual control and heater - low wattage
<b>UCF 100 HTS</b>	Centrifugal 100mm fan with humidity sensor/ timer and pull switch	<b>M 2007</b>	Sensortronic 2000 Aridair micro sensor
<b>UCF 100 LVS</b>	Centrifugal 100mm low voltage fan with pull switch	<b>S 3000 LW</b>	LW Sensortronic 3000 Aridair with 2-speed manual control - low wattage
<b>UCF 100 LVT</b>	Centrifugal 100mm low voltage fan with timer	<b>S 3000 LWH</b>	Sensortronic 3000 Aridair with 2-speed manual control and heater - low wattage
<b>UCF 100 LV HTS</b>	Centrifugal 100mm low voltage fan with humidity sensor/timer and pull switch	<b>S 3000 HM</b>	Air heater module
<b>UCF 100 LV TRS</b>	Centrifugal 100mm low voltage fan with trickle speed and manual boost <i>(Wall/Window/Ceiling kits sold separately)</i>	<b>DK1</b>	Ducting kits for S 3000 - flat duct per metre
<b>SLIMLINE</b>		<b>WHOLE HOUSE (MEV)</b>	
<b>SL 100</b>	100mm fan only for remote switching	<b>CD 125 MRV</b>	Multi-room extract system complete with kit
<b>SL 100 T</b>	100mm fan with timer	<b>CD 125 MRVH</b>	Multi-room extract system with humidity boost complete with kit
<b>SL 100 HTS</b>	100mm fan with humidity sensor and timer	<b>RB 1007</b>	Remote relay box for multiple connections
<b>SL 100 LV</b>	100mm low voltage fan with pull switch	<b>HEAT RECOVERY - SINGLE ROOM (MVHR)</b>	
<b>SL 100 LVT</b>	100mm low voltage fan with timer	<b>HR 100</b>	Heat recovery unit - 100mm - trickle or boost selectable upon installation of a 2-pole switch
<b>SL 100 LV HTS</b>	100mm low voltage with humidity and timer	<b>HR 100 S</b>	Heat recovery unit - 100mm continuous trickle with integral pull switch boost
<b>SL 150</b>	150mm fan only for remote switching	<b>HR 100 HTS</b>	Heat recovery unit - 100mm continuous trickle with humidity sensor/timer and integral pull switch boost
<b>SL 150 S</b>	150mm fan with pull switch	<b>HR 100 LVS</b>	Heat recovery unit - 100mm low voltage continuous trickle with remote pull switch boost.
<b>SL 150 T</b>	150mm fan with timer	<b>HR 100 LVHTS - 4</b>	Heat recovery unit - 100mm low voltage continuous trickle, boost activated by either humidity sensor/timer or remote pull switch
<b>SL 150 HTS</b>	150mm fan with humidity sensor and pull switch <i>(Wall/Ceiling kits sold separately)</i>	<b>HR 100 SG</b>	Heat recovery unit - 100mm continuous trickle with balanced intake/extract
<b>SENSORTRONIC 400 &amp; 1000</b>		<b>HR 100 LVSG</b>	Heat recovery unit - 100mm low voltage continuous trickle with balanced intake/extract
<b>S 1000</b>	Sensortronic 1000	<b>HRIC 100</b>	Heat recovery internal cowl
<b>S 1000 TRS</b>	Sensortronic 1000 trickle speed with pull switch and humidity boost	<b>HRCE</b>	Ceiling kit for all Heat recovery models <i>(Complete with Wall/Window kits)</i>
<b>S 400 HT</b>	Sensortronic 400 humidity and timer	<b>SENSORTRONIC MICRO</b>	
<b>S 400 HS</b>	Sensortronic 400 humidity and pull switch <i>(Complete with either Wall/Window/Ceiling kits)</i>	<b>M 1000</b>	Sensortronic 1000 micro
<b>SENSORTRONIC MICRO</b>		<b>M 400 HS</b>	Sensortronic 400 micro humidity and pull switch
<b>M 1000</b>	Sensortronic 1000 micro	<b>M 400 HT</b>	Sensortronic 400 micro humidity and timer
<b>M 400 HS</b>	Sensortronic 400 micro humidity and pull switch	<b>M 400 LV HS</b>	Sensortronic 400 micro low voltage humidity and pull switch
<b>M 400 HT</b>	Sensortronic 400 micro humidity and timer	<b>M 400 LV HT</b>	Sensortronic 400 micro low voltage humidity and timer
<b>M 400 LV HS</b>	Sensortronic 400 micro low voltage humidity and pull switch	<b>M 1500</b>	Hand held monitoring unit for micro ranges of fans <i>(Complete with either Wall/Window/Ceiling kits)</i>
<b>M 400 LV HT</b>	Sensortronic 400 micro low voltage humidity and timer		
<b>M 1500</b>	Hand held monitoring unit for micro ranges of fans <i>(Complete with either Wall/Window/Ceiling kits)</i>		

## PRODUCT LISTING 2007

CODE	DESCRIPTION	CODE	DESCRIPTION
<b>HEAT RECOVERY – WHOLE HOUSE (MVHR)</b>		<b>ACCESSORIES – WALL/WINDOW COWLS</b>	
HRWH	Whole House heat recovery – continuous trickle with built-in boost from up to 4 switched-live feeds	CG 100	Cowled walled grille 100 mm
<b>INLINE DUCT UNITS</b>		CG 150	Cowled walled grille 150 mm
1004	100mm 2 speed in-line fan	CGW 100	Cowled window grille 100 mm
1004 T	100mm in-line fan with timer	CGW 150	Cowled window grille 150 mm
1005	125mm 2 speed in-line fan	DWC 100	Domed weather cowl 100 mm
1005 T	125mm in-line fan with timer	DWC 150	Domed weather cowl 150 mm
1006 T	150mm in-line fan with timer	IC 100	Internal cowl 100 mm
D 1004	100mm in-line fan system with D 1007 controller	IC 150	Internal cowl 150 mm
D 1005	125mm in-line fan system with D 1007 controller	WLC 100	Weather wall cowl - metal 100 mm
L 1004	100mm in-line fan system with L 1007 controller	WLC 150	Weather wall cowl - metal 150 mm
L 1005	125mm in-line fan system with L 1007 controller	WWC 100	Weather window - metal cowl 100 mm
M 1004	100mm in-line fan system with M 1007 controller	WWC 150	Weather window - metal cowl 150 mm
M 1005	125mm in-line fan system with M 1007 controller		
UAX 1004	100mm in-line fan with UAX 1007 controller	<b>ACCESSORIES – FLAT CHANNEL (204mm x 60mm WHITE)</b>	
UAX 1005	125mm in-line fan with UAX 1007 controller	12-01	Flat channel 1 metre lengths – 110 x 54
<b>COOKER HOOD</b>		12-02	Flat channel clip
CK 100	Cooker hood - 3 speed with light	12-03	Flat channel connector
CK 100 T	Cooker hood - 3 speed with light and over run timer <i>(White only)</i>	12-05	Adapter flat to round angled
<b>GAS COMPLIANT</b>		12-06	Flat horizontal 90° bend
WW 150 AXSG	150mm fan for use where gas spillage may occur	12-07	Flat vertical 90° bend
<b>LIGHT COMMERCIAL</b>		12-08	Adapter (long) flat to round straight
LC 230	Light commercial 230 fan - auto shutters - single speed	12-09	Adapter (short) flat to round straight
LC 230 RV	Light commercial 230 fan - auto shutters with 3 speed reversible controller	12-20	Flat duct wall plate
LC 300	Light commercial 300 fan - auto shutters - single speed		
LC 300 RV	Light commercial 300 fan - auto shutters with 3 speed reversible controller <i>(Complete with either Wall/Window kits)</i>	<b>ACCESSORIES – ROUND PIPE (100 MM Dia white)</b>	
<b>REMOTE CONTROLLERS</b>		12-10a	Round pipe 1 metre lengths
1414	Speed controller for remote use	12-10b	Round pipe 2 metre lengths
AQ 1007	Air quality controller	12-11	Round pipe connector 100mm
D 1007	Sensortronic 1007 digital remote controller with sensor	12-12	Round pipe 90° bend
D 4007	Sensortronic 4007 digital remote controller with sensor and over-run timer	12-18	Round equal T piece
L 1007	Sensortronic 1007 logic remote controller with sensor	<b>ACCESSORIES – WALL/WINDOW GRILLES</b>	
L 1007 LV	Sensortronic 1007 low voltage remote controller with sensor	FG 100	Fixed external grille 100mm
M 1007	Sensortronic 1007 micro remote controller with sensor	FG 150	Fixed external grille 150mm
UAX 1007	Remote humidity controller	GG100	Gravity external grille 100mm
UAX 1007 D	Non self cleaning remote humidity sensor and constant digital display	GG150	Gravity external grille 150mm
UAX 1007 DLV	Low voltage non self cleaning remote humidity sensor and constant digital display	WG 100	Window grille 100mm
		WG150	Window grille 150mm
<b>AIR CONDITIONING UNITS</b>		<b>GENERAL ACCESSORIES</b>	
AC 1001	Cooling / Heating capacity 6380/4800 Btu/hr 1,11182	BS100	Back-draught shutters 100mm
AC 1002	Cooling capacity 7165 Btu/hr 1,4	BS150	Back-draught shutters 150mm
AC 1003	Cooling capacity 8360 Btu/hr	CT100	Condensation trap 100mm
AC 1004	Cooling / Heating capacity 7165/6480 Btu/hr	CT150	Condensation trap 150mm
AC 1005	Cooling / Heating capacity 8360/6960 Btu/hr	FD 100	Flexible ducting 100mm (prices per metre)
<b>PASSIVE VENTILATOR</b>		FD 125	Flexible ducting 125mm (prices per metre)
CV 100	Cosivent 100mm	FD 150	Flexible ducting 150mm (prices per metre)
PV 100	Passive vent 100mm	FD 100 IN	Insulated flexible ducting 100mm (prices per 10 metre)
PV 150	Passive vent 150mm	FD 125 IN	Insulated flexible ducting 125mm (prices per 10 metre)
TDR 100	100mm tumble dryer vent kit	FD 150 IN	Insulated flexible ducting 150mm (prices per 10 metre)
WV 100	Window vent 100mm	FDA 100	Fire damper 100mm
WV 150	Window vent 150mm	FDA 150	Fire damper 150mm
<b>HAND DRYERS</b>		RED 100/125	Reducer 100mm – 125mm
HD 101	Standard power hand dryer 1600W	RED 125/150	Reducer 125mm – 150mm
HD 102	High power hand dryer 1900W	WS 100	Wall Sleeve 100mm (275mm length)
HD 103	Heavy duty metal hand dryer 2400W	WS 150	Wall Sleeve 150mm (275mm length)
<b>SHOWER FAN</b>		WP100/150	Wall Plate
SF 100	100mm shower fan with 3 metres ducting and 2 grilles		
SF 100 T	100mm shower fan with timer, 3 metres ducting and 2 grilles
